

## BUNTING

This page is a printout of some bunting to photocopy and cut out to decorate your Waipuna Hospice Cuppa.

Simply photocopy this page as many times as you like (the more you copy the longer your bunting). Cut the triangles and staple to some string. Alternatively, punch a hole on each corner of the triangles and pass string through each hole. Remember to leave a length of string on each end of the bunting to tie to where you are hanging it.
